San Francisco.—We beg to be excused from anything of a violent political nature. We can find a place in our pages for all subjects subject to your order.

San Francisco.—Really it is not in our power to furnish the information you desire. We are of our daily papers—a very common occurrence, by the by—stated a day or two ago that Vanderbilt & Co. were about to open the Nicaragua route. This is a rumour—we know nothing to the contrary. But hold on—something may come out of it.

San Francisco.—Package received "right up with care." Thanks for your remembrance.

San Francisco.—Your "Farewell" is in our next number. Let us hear from you again.

San Francisco.—Send us the "Reminiscences" we shall be glad to introduce you to.
