**WHEELER & WILSON'S**  
**FIRST PREMIUM**  
**FAMILY SEWING MACHINES**

AT REDUCED PRICES.

The highest premiums were awarded these Machines in 1858, at the following Fairs and Institutes:—

MISSOURI,	NEW JERSEY,	KENTUCKY,	CHICAGO,
ILLINOIS,	MARYLAND,	WISCONSIN,	ST. LOUIS,
MISSISSIPPI,	VIRGINIA,	MICHIGAN,	BALTIMORE,
NEW YORK,	PENNSYLVANIA,	INDIANA,	RICHMOND,
CALIFORNIA,	MECHANICS' INSTITUTE, <i>San Francisco.</i>		

These Machines having taken the First Premiums at all the State Fairs held last Fall (1858) throughout the Union, in every instance where they have contended, over all other Sewing Machines, must be received as

**Conclusive Evidence of their Unqualified Superiority.**

Among the undoubted advantages of these Machines, are—

1. Elegance and simplicity of construction, and consequent freedom from derangement and need of repairs.
2. Durability.
3. Unexampled ease and rapidity of operation.
4. Noiseless Movement.
5. Beauty of stitch and firmness of seam.
6. Economy of thread.
7. Applicability to a variety of purposes and materials.

They are applicable to every variety of Sewing for Family wear, from the lightest muslins, to the heaviest cloths. It works equally well upon Silk, Linen, Woolen, and Cotton Goods; Seaming, Quilting, Hemming, Gathering, and Felling,—performing every species of Sewing, except making Button Holes, Stitching on Buttons, and the like. Various appliances are furnished for regulating the width of hems. The "Hemmer" is an appendage by which the edge of the fabric as it passes through, is turned down and handsomely stitched. Thousands of these Machines are used by FAMILIES, Seamstresses, Dressmakers, Tailors, Manufacturers of Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Umbrellas, Parasols, Silk and Linen Goods, with complete success; sometimes from one to two hundred are used in a single manufactory.

See what the SCIENTIFIC AMERICAN says:—"We are having a great many inquiries for Sewing Machines from various parts of the country, and as we cannot conveniently reply to them all by mail, we have thought it proper to state our opinion in regard to them in this public manner. We have used Wilson's patent, manufactured by the Wheeler & Wilson's Manufacturing Company, No. 505 Broadway, and we can say in regard to it, that it is without a rival. It is simple, not easily put out of order, and in point of effectiveness and finish no other machine stands ahead of it. We state this much in regard to the excellent machine on our own responsibility.

An ample supply of these **FIRST PREMIUM MACHINES** will be received by every steamer from New York; and for sale at the **ONLY DEPOT** of

**WHEELER & WILSON'S SEWING MACHINES,**

Corner Montgomery and Sacramento Sts.,  
**SAN FRANCISCO.**
